How do we let you know what your child js learning about?

Each year group provides a termly overview to show what your child is learning in each subject and suggestions of what you can do to help at home. These are posted on the Dojo pages and class pages of the website: https://fairfieldroad.secure-primarysite.net/year-group-pages/

Each year group holds an assembly or curriculum showcase to allow you the chance to come in and see the children's learning in action.

Reading Cafe

Our annual reading cafes are the perfect opportunity to see how we teach reading to children of different year groups.

Welcome meetings in September give an overview of what children will learn throughout the year and they're a great chance for parents to ask questions.

The school website is full of information detailing what is taught in each year group. Visit the 'curriculum' page or the 'year group pages' to find out more.

PARENT Workshops

We offer a range of specific parent workshops throughout the year, aimed at increasing parental understanding of the curriculum. These include phonics for parents of children in EYFS and PSHE for parents of children in Year 5.

ClassDojo

We use Class Dojo to post photos and information about learning in each classroom.

Parent Consultations

Parent consultations are a great way to look through your child's books and see what they have been learning about.
